

NEW FIBERGLASS REPRODUCTION PARTS

You've been asking for years, now you've got it! Opels Unlimited does it again; direct import from Germany, made in-house by CYI-Priewe (also known as Opels Unlimited Europe) a very high quality production of heavy gauge fiberglass. Made in Germany and sold exclusively by Opels Unlimited. It's on the way and in stock now. Call for availability and reserve your dream pieces today!

UN-RUST-ABLE GT FRONT AND REAR FENDER SECTIONS

East Coasters like Mike Pilkenton and Charles Goin hounded me to death for years on this one. Made the way everyone agreed, thick with high quality resins and glass. Front is \$119.95, rear is \$99.95.

NEW PRODUCTION FACTORY REAR PANEL

For GT, great repro, no more dents and waves, only \$299

NEW ITEM: OPEL GT CORVETTE REAR PANEL

Often requested over the years, has lines just like 'Vette Stingray. About bolts on. Instant rear panel fix. Definitely different. GT letters stand out and are patterned after original emblems. Only \$349.

Alternate Rear Views

Side View

New Corvette rear panel direct from Germany. Only \$349 complete. Special exhaust available. Hangs on car by itself.

----->

NEW REPRODUCTION FROM GT BELLY PAN

Just like Original, only it won't rust and since it's new, it has no dents either!

Only \$299. Front and Rear Views

New repro of Opel GT. Model "J"
gas cap or oil cap. Also made of
fiberglass. All black, won't scratch.
With original oil cap inside.
Only \$29.95 each.

Heavy factory reconstruction of
original style belly pan. Spoilers are
also an option. See other page.
